

Talofa my name is Jeida I am in my second year at Olympic College working towards my Associates in Physical Therapy. As a recipient of financial aid I did not realize how important it was to check my student portal on a regular basis for my financial aid status. I would encourage you to **ALWAYS check your student portal** for any changes or required documents from Financial Aid and be sure your **personal information is always updated**. Financial aid could be a huge factor in your education and if something is incorrectly inputted or missing, it could delay your funds and impact your pocket. Don't be afraid to **ask questions** and find ways to **get involved**.

**JEIDA**  
ASSOCIATES IN  
PHYSICAL THERAPY
