

Hello my name is Milana I am in my second year at Olympic College working towards obtaining my Associates in Arts. OC has a lot of great programs and opportunity to grow in many ways. As a student, finding or knowing where to start is the hardest part. For me, I found **meeting** new people not only in my classes but through the **Multicultural Center** really helped me get me on the right path to success and to brighten my future.

**MILANA**
