

Aloha my name is Neychelle I am in my third year at Olympic College working towards my Associates in Human Services. My first year at Olympic College was very hard. Moving from Hawaii I did not know anyone and **felt very lonely**. My first year was figuring out my **class schedule**, I realized very quickly that early morning classes is not the best fit for me. So I **adjusted** my schedule for afternoon classes which I recommend for late sleepers. Another important lesson I learned is to get as much of your **homework done on campus** before heading home. The library, computer lab, tutoring center, multicultural center, or the Bremer Student Center are just a few **great places to work** quietly or if you need it, get some help. Since **getting involved** with the Multicultural Center, I have made some amazing **friends** and attended leadership conferences and serve as a student leader for Island Roots.

NEYCHELLE
ASSOCIATES IN
HUMAN SERVICES
EXPECTED
GRADUATION: 2021

Multiracial: Filipino, Japanese,
and Hawaiian

Female

Pronouns: She, Her, Hers

3rd Year Student

Island Roots Student Leader
